

15-123-3D Safety Railings around Tanks, Stickney WRP

Construction contract 15-123-3D Safety Railings around Tanks, Stickney Water Reclamation Plant (WRP) is being financed by the Clean Water State Revolving Fund (SRF). The SRF program is administered by the Illinois Environmental Protection Agency and receives a portion of its money to fund these types of projects from the U.S. Environmental Protection Agency. SRF programs operate in each state to provide communities the resources necessary to build, maintain, and improve the infrastructure that protects one of our most valuable resources: water.

Service Area: Stickney

Location: Cicero, Illinois

Engineering Consultant: In-house

General Contractor: IHC Construction and F.H. Paschen S.N. Nielsen Joint Venture

Contract Award Amount: \$5,239,000.00

Award Date: July 7, 2016

Contract Duration: 400 Calendar Days

Project Description: Install safety railings at the Batteries A, B, and C aeration tanks along both sides of walkways for worker safety and to meet Occupational Safety and Health Administration regulations.

Project Justification: The guard rails were never installed around some of these tanks and are required for worker safety.
