## FARMER/RESIDENT CONTACTS

Synagro has worked with existing MWRDGC farmers to expand acres to the MWRDGC program:

- Don Nugent: 200
- Justin Langlois: 100
- Matt Kellogg: 200
- Ed Mundt: 100
- Dave Mulder: 120
ODOR MINIMIZATION

For the landowner notifications. In July, Synagro sent out approximately 15 letters notifying adjacent landowners of biosolids applications in their area. Synagro team members knocked on 8 doors within a ¼ mile of permitted fields to educate residents about the benefits of biosolids application to farmland. No complaints were received and to minimize odor complaints, Synagro does not exceed 24 hours field storage and incorporates in 6 hours or less after application.
