Construction contract 15-123-3D Safety Railings around Tanks, Stickney Water Relcamination Plant (WRP) is being financed by the Clean Water State Revolving Fund (SRF). The SRF program is administered by the Illinois Environmental Protection Agency and receives a portion of its money to fund these types of projects from the U.S. Environmental Protection Agency. SRF programs operate in each state to provide communities the resources necessary to build, maintain, and improve the infrastructure that protects one of our most valuable resources: water.

**Service Area:** Stickney

**Location:** Cicero, Illinois

**Engineering Consultant:** In-house

**General Contractor:** IHC Construction and F.H. Paschen S.N. Nielsen Joint Venture

**Contract Award Amount:** $5,239,000.00

**Award Date:** July 7, 2016

**Contract Duration:** 400 Calendar Days

**Project Description:** Install safety railings at the Batteries A, B, and C aeration tanks along both sides of walkways for worker safety and to meet Occupational Safety and Health Administration regulations.

**Project Justification:** The guard rails were never installed around some of these tanks and are required for worker safety.
