

2019 MWRD INTERNSHIP PROGRAM

INTERNSHIP ANNOUNCEMENT

Position Title:
Environmental Soil (Biosolid Utilization) Intern
Department:
Monitoring and Research
Location:
Stickney WRP
6001 West Pershing Road, Cicero, IL 60804

Description:

The *Metropolitan Water Reclamation District of Greater Chicago* is in search of a current college student seeking an internship opportunity in the Monitoring & Research Department. The prospective intern will assist the Biosolids Utilization and Soil Science Section in activities which encompasses research projects, monitoring, and supportive activities required to maintain the District's biosolids beneficial re-use program. The prospective intern's activities will include greenhouse pot set-up, sampling, and analyses of plant and soil samples. The intern will also obtain skills in sample processing, analysis, and generating data and reports that will be presented to District staff at the conclusion of the internship program.

Rate of Pay:

This is a paid internship, at \$13.00/hr.

Minimun Qualifications:

Applicants must have a current residence in Cook County, IL; be a citizen or national of the U.S., an alien lawfully admitted for permanent residence, or an individual otherwise legally authorized to work in the U.S.; and must obtain a letter of recommendation from the school's Internship Coordinator or Departmental Dean, or professor.

Educational Requirements:

Applicants must be a current college/university student majoring in Biological or Environmental Science.

Contact Information:

Interested applicants must forward a resume, a cover letter and the school's referral or letter of recommendation to:

MWRDInternships@mwrdd.org

or

Attn: Ebonie Lewis Bradford, HR Dept.-Employee Development
MWRD of Greater Chicago
