- Finalize and submit to MWRD Board for approval - July 2013

MWRDGC

Program Overview

Program to follow concepts presented at study session on September 27, 2012

- Tributary communities to assess their complete system
- Identify and inventory public sector I/I sources
- Identify and inventory private sector I/I sources through smoke testing/exterior inspections
- Determine necessary annual expenditure for system maintenance and rehabilitation
- Develop schedule for removal of I/I sources
- Develop comprehensive long-term O&M program
- Report progress to MWRD
- Report SSOs and basement backups to IEPA and annual summary to MWRD
- Develop a private sector I/I control program

MWRDGC

Compliance

- Elimination/reduction of SSOs and basement backup recurrence
- Performance of tasks

MWRDGC

Private Sector Inspections

- Discussed at January 16, 2013 meeting
- Numerous comments received in January
 - Cost to implement; ability to discontinue water service to non-compliant properties; questions on benefits of performing inspections; challenge of receiving notice to perform inspections before ownership transfers; concerns over threshold for property improvements that trigger need for lateral lining/replacement; misunderstanding on meaning of language.
- Proposed ordinance language, when streamlined may look closer to language currently in Article 6-5 of MOP

MWRDGC

Funding

- Subcommittee on Loan Program/ Private Property assistance to be convened in June 2013
- Legal questions on forwarding SRF funding through MWRD's authority for local loan program
